Whenever you are asked if you can do a job, tell 'em, 'Certainly I can!' Then get busy and find out how to do it.

UNC School of Medicine

We at the UNC School of Medicine have been conducting medical Spanish classes for a special group of students who have intermediate to advanced fluency in Spanish. We are now seeking native Spanish speakers who would act as a medical history script in Spanish so that our students can practice their medical Spanish. There are opportunities for the whole year and you would be compensated well for your training and actual work time.

This is a great opportunity to help future physicians who are dedicated to serving the NC Latino community reach their goal of greater fluency in Spanish. You will also have a chance to provide them with some feedback about their conversational Spanish and how you felt as the patient.

If you are interested, please email Erica Clarkson at ercl@med.unc.edu or call at (919) 843-9372

Tell her you are a native speaker interested in the CAMPOS ESCUELA Project. If you cannot participate, PLEASE FORWARD this email to others who are native speakers.
