RE: Phase II Extended Until August 7 in NC

As you have probably heard today (July 14), Governor Cooper has extended Phase II for another three (3) weeks (August 7) due the increase in positive cases. NCYSA will continue with the current guidelines in place from June 2nd:

We would like to thank you for continuing to care about your club's health and safety. Across the state, kids are practicing and training based on your local decisions while you are watching the progress on the pandemic front.

Updates will follow as we have additional information.

Remember to wear a mask, social distance and wash your hands.
