To: Member Associations
Presidents, CEOs/Executive Directors
Recreation/Challenge/Classic Liaisons
Directors of Coaching, Head Registrars
Risk Management Liaisons

Good Morning All,

COVID vaccination rates and being an outdoor activity continue to minimize transmission risks for soccer, but let's stay vigilant in avoiding celebrations, carpools and indoor activities with unvaccinated athletes or adults. Masks are still optional but watch your trends locally to maximize our chances for a safe and full season of play this fall. All new state, local, or club mandates must be followed.

Continue to ask parents and coaches to report any positive COVID tests for athletes or staff and contact your health department to get advice on who to notify and safe quarantine processes.

Stay safe,

NCYSA Executive Board
